Navigation
and
sections

- Links in the navigation bar do not take you to the relevant section.

- The navigation menu items have working links to the different sections that use ID's to link to relevant anchor tags.

- The <nav> tag is being used for the navigation bar.
- Additional section has been added to the page, such as a skills section, and a working link to the new section has been added to the navigation bar using an ID to link to anchor tag.

Valid code

- When checked with a validator, the HTML and/or CSS code has errors that are not on the list of exceptions.

- HTML and CSS code passes validation and/or only includes errors that are on the list of exceptions.
